

DECKS CANON

2026-03-18

Dexter Hadley, MD/PhD

Hadley Lab CANONIC

Abstract

DECKS is the governed presentation collection. Every deck inherits DECK constraints every figure traces to source, every claim governed. The canon here governs every deck in the collection.

hadleylab.org Governed Research. Every claim cited.

Contents

1 Constraints

2 Capabilities

1. Constraints

- 1 MUST: Every deck declares domain-specific Axiom in
- 1 MUST: Every deck declares domain-specific Constrai
- 1 MUST: Every deck has a SERVICE CONTRACT at SERVICE
- 1 MUST: Every figure traces to a paper, ClinicalTri
- MUST: New decks inherit all SERVICES/DECK constrai
- MUST NOT: Ship boilerplate Axiom ("publishes governed
- MUST NOT: Publish private content on public surface
- MUST NOT: Hand-author compiled outputs
- MUST NOT: Exceed stated runtime per deck
